Iskandai Garlic-slayer – Abilities & Gear

Alertness Feat

You often notice things that others might miss.

Benefit: You get a +2 bonus on Perception and Sense Motive skill checks. If you have 10 or more ranks in one of these skills, the bonus increases to +4 for that skill.

Appears In : Not Consolidated Skills

Combat Reflexes (12 AoO/round) Feat

You can make additional attacks of opportunity.

Benefit: You may make a number of additional attacks of opportunity per round equal to your Dexterity bonus. With this feat, you may also make attacks of opportunity while flat-footed.

Normal: A character without this feat can make only one attack of opportunity per round and can't make attacks of opportunity while flat-footed.

Special: The Combat Reflexes feat does not allow a rogue to use her opportunist ability more than once per round.

Crushing Blow (-14) Feat

Your focus allows you to smash your enemy's defenses.

Prerequisites: Improved Unarmed Strike, Stunning Fist.

Benefit: You can make a Stunning Fist attempt as a full-round action. If successful, instead of stunning your target, you reduce the target's AC by an amount equal to your Wisdom modifier for 1 minute. This penalty does not stack with other penalties applied due to Crushing Blow.

Appears In : Ultimate Combat

Dragon Style Feat

You call upon the spirit of dragonkind, gaining greater resilience, mobility, and fierceness from the blessing of these great beings.

Prerequisites: Str 15, Improved Unarmed Strike, Acrobatics 3 ranks.

Benefit: While using this style, you gain a +2 bonus on saving throws against sleep effects, paralysis effects, and stunning effects. You ignore difficult terrain when you charge, run, or withdraw. You can also charge through squares that contain allies. Further, you can add 1-1/2 times your Strength bonus on the damage roll for your first unarmed strike on a given round.

Normal: You cannot charge or run through difficult terrain, and you cannot charge through a square that contains an ally. With an unarmed strike, you usually add your Strength bonus on damage rolls.

Appears In : Ultimate Combat

Endurance Feat

Harsh conditions or long exertions do not easily tire you.

Benefit: You gain a +4 bonus on the following checks and saves: Swim checks made to resist nonlethal damage from exhaustion; Constitution checks made to continue running; Constitution checks made to avoid nonlethal damage from a forced march; Constitution checks made to hold your breath; Constitution checks made to avoid nonlethal damage from starvation or thirst; Fortitude saves made to avoid nonlethal damage from hot or cold environments; and Fortitude saves made to resist damage from suffocation.

You may sleep in light or medium armor without becoming fatigued.

Normal: A character without this feat who sleeps in medium or heavier armor is fatigued the next day.

Gorgon's Fist (DC 32) Feat

With one well-placed blow, you leave your target reeling.

Prerequisites: Improved Unarmed Strike, Scorpion Style, base attack bonus +6.

Benefit: As a standard action, make a single unarmed melee attack against a foe whose speed is reduced (such as from Scorpion Style). If the attack hits, you deal damage normally and the target is staggered until the end of your next turn unless it makes a Fortitude saving throw (DC 10 + 1/2 your character level + your Wis modifier). This feat has no effect on targets that are staggered.

Improved Grapple Feat

You are skilled at grappling opponents.

Prerequisite: Dex 13, Improved Unarmed Strike.

Benefit: You do not provoke an attack of opportunity when performing a grapple combat maneuver. In addition, you receive a +2 bonus on checks made to grapple a foe. You also receive a +2 bonus to your Combat Maneuver Defense whenever an opponent tries to grapple you.

Normal: You provoke an attack of opportunity when performing a grapple combat maneuver.

Appears In : Not New Paths Option: Use Scaling Feats

Improved Initiative Feat

Your quick reflexes allow you to react rapidly to danger.

Benefit: You get a +4 bonus on initiative checks.

Improved Trip Feat

You are skilled at sending your opponents to the ground.

Prerequisite: Int 13, Combat Expertise.

Benefit: You do not provoke an attack of opportunity when performing a trip combat maneuver. In addition, you receive a +2 bonus on checks made to trip a foe. You also receive a +2 bonus to your Combat Maneuver Defense whenever an opponent tries to trip you.

Normal: You provoke an attack of opportunity when performing a trip combat maneuver.

Appears In : Not New Paths Option: Use Scaling Feats

Improved Unarmed Strike Feat

You are skilled at fighting while unarmed.

Benefit: You are considered to be armed even when unarmed – you do not provoke attacks of opportunity when you attack foes while unarmed. Your unarmed strikes can deal lethal or nonlethal damage, at your choice.

Normal: Without this feat, you are considered unarmed when attacking with an unarmed strike, and you can deal only nonlethal damage with such an attack.

Intimidating Prowess Feat

Your physical might is intimidating to others.

Benefit: Add your Strength modifier to Intimidate skill checks in addition to your Charisma modifier.

Iskandai Garlic-slayer – Abilities & Gear

Run Feat

You are swift of foot.

Benefit: When running, you move five times your normal speed (if wearing medium, light, or no armor and carrying no more than a medium load) or four times your speed (if wearing heavy armor or carrying a heavy load). If you make a jump after a running start (see the Acrobatics skill description), you gain a +4 bonus on your Acrobatics check. While running, you retain your Dexterity bonus to your Armor Class.

Normal: You move four times your speed while running (if wearing medium, light, or no armor and carrying no more than a medium load) or three times your speed (if wearing heavy armor or carrying a heavy load), and you lose your Dexterity bonus to AC.

Scorpion Style (DC 32) Feat

You can perform an unarmed strike that greatly hampers your target's movement.

Prerequisite: Improved Unarmed Strike.

Benefit: To use this feat, you must make a single unarmed attack as a standard action. If this unarmed attack hits, you deal damage normally, and the target's base land speed is reduced to 5 feet for a number of rounds equal to your Wisdom modifier unless it makes a Fortitude saving throw (DC 10 + 1/2 your character level + your Wis modifier.)

Skill Focus (Perception) Feat

Choose a skill. You are particularly adept at that skill.

Benefit: You get a +3 bonus on all checks involving the chosen skill. If you have 10 or more ranks in that skill, this bonus increases to +6.

Special: You can gain this feat multiple times. Its effects do not stack. Each time you take the feat, it applies to a new skill.

Appears In : Not Consolidated Skills

Stunning Fist (14/day, DC 32) Feat

You know just where to strike to temporarily stun a foe.

Prerequisites: Dex 13, Wis 13, Improved Unarmed Strike, base attack bonus +8.

Benefit: You must declare that you are using this feat before you make your attack roll (thus, a failed attack roll ruins the attempt). Stunning Fist forces a foe damaged by your unarmed attack to make a Fortitude saving throw (DC 10 + 1/2 your character level + your Wis modifier), in addition to dealing damage normally. A defender who fails this saving throw is stunned for 1 round (until just before your next turn). A stunned character drops everything held, can't take actions, loses any Dexterity bonus to AC, and takes a –2 penalty to AC. You may attempt a stunning attack once per day for every four levels you have attained (but see Special), and no more than once per round. Constructs, oozes, plants, undead, incorporeal creatures, and creatures immune to critical hits cannot be stunned.

Special: A monk receives Stunning Fist as a bonus feat at 1st level, even if he does not meet the prerequisites. A monk may attempt a stunning attack a number of times per day equal to his monk level, plus one more time per day for every four levels he has in classes other than monk.

Breath Weapon (1/day, DC 27) (Su) Racial Ability (Half-Dragon)

The breath weapon deals 1d6 hit points of damage per racial HD possessed by the half-dragon (Reflex half; DC 10 + 1/2 creature's racial HD + creature's Con modifier).

Dragon Variety - Breath Weapon

Black or copper - 60-foot line of acid
Brass - 60-foot line of fire
Blue or bronze - 60-foot line of electricity
Gold or red - 30-foot cone of fire
Green - 30-foot cone of acid
Silver or white - 30-foot cone of cold

Damage Resistance, Divine Power (10) Unknown

You have the specified Damage Resistance against damage caused by divine power, such as the non-fire damage from a flame strike spell.

Darkvision (60 feet) Racial Ability, Senses (Half-Dragon)

A creature with darkvision can see in total darkness, usually to a range of 60 feet. Within this range the creature can see as clearly as a sighted creature could see in an area of bright light. Darkvision is black and white only but otherwise like normal sight.

Fly (100 feet, Average) Unknown

A creature with this ability can cease or resume flight as a free action. If the ability is supernatural, it becomes ineffective in an antimagic field, and the creature loses its ability to fly for as long as the antimagic effect persists.

Iskandai Garlic-slayer – Abilities & Gear

Low-Light Vision

A creature with low-light vision can see twice as far as a human in starlight, moonlight, torchlight, and similar conditions of dim light. It retains the ability to distinguish color and detail under these conditions.

Racial Ability, Senses

Scent (Ex)

Racial Ability

This special quality allows a creature to detect approaching enemies, sniff out hidden foes, and track by sense of smell. Creatures with the scent ability can identify familiar odors just as humans do familiar sights.

The creature can detect opponents within 30 feet by sense of smell. If the opponent is upwind, the range increases to 60 feet; if downwind, it drops to 15 feet. Strong scents, such as smoke or rotting garbage, can be detected at twice the ranges noted above. Overpowering scents, such as skunk musk or troglodyte stench, can be detected at triple normal range.

When a creature detects a scent, the exact location of the source is not revealed - only its presence somewhere within range. The creature can take a move action to note the direction of the scent. When the creature is within 5 feet of the source, it pinpoints the source's location.

A creature with the scent ability can follow tracks by smell, making a Wisdom (or Survival) check to find or follow a track. The typical DC for a fresh trail is 10 (no matter what kind of surface holds the scent). This DC increases or decreases depending on how strong the quarry's odor is, the number of creatures, and the age of the trail. For each hour that the trail is cold, the DC increases by 2. The ability otherwise follows the rules for the Survival skill. Creatures tracking by scent ignore the effects of surface conditions and poor visibility.

Speak with Animals (Ex)

Unknown

Choose a specific kind of animal: eagle, fox, dog, and so on. The oracle or shaman gains the ability to converse with that type of animal as if she were under the effects of *Speak with Animal*. The shaman gains the ability to communicate with an additional kind of animal for every 3 oracle or shaman levels she possesses (two animals at 3rd level, three at 6th, up to a maximum of seven at 18th level).

Spell Resistance (23)

Unknown

You have Spell Resistance.

Tongues (Sp)

Unknown

This spell grants the creature touched the ability to speak and understand the language of any intelligent creature, whether it is a racial tongue or a regional dialect. The subject can speak only one language at a time, although it may be able to understand several languages. *Tongues* does not enable the subject to speak with creatures who don't speak. The subject can make itself understood as far as its voice carries. This spell does not predispose any creature addressed toward the subject in any way.

Tongues can be made permanent with a *permanency* spell.

Trip: Bite (Ex)

Racial Ability (Worg)

A creature with the trip special attack can attempt to trip its opponent as a free action without provoking an attack of opportunity if it hits with the specified attack. If the attempt fails, the creature is not tripped in return.

Unarmed Strike (2d6)

Unknown

At 1st level, a monk gains Improved Unarmed Strike as a bonus feat. A monk's attacks can be with fists, elbows, knees, and feet. This means that a monk can make unarmed strikes with his hands full. There is no such thing as an off-hand attack for a monk striking unarmed. A monk can apply his full Strength bonus on damage rolls for all his unarmed strikes. A monk's unarmed strikes deal lethal damage, although he can choose to deal nonlethal damage with no penalty on his attack roll. He can make this choice while grappling as well.

A monk's unarmed strike is treated as both a manufactured weapon and a natural weapon for the purpose of spells and effects that enhance or improve either manufactured weapons or natural weapons.

The damage dealt by a monk's unarmed strike is determined by the unarmed damage column on Table 1–2: Monk. The damage listed is for Medium monks. The damage for Small or Large monks is listed below.

Abundant Step (Su)

Class Ability (Monk)

At 12th level or higher, a monk can slip magically between spaces, as if using the spell *dimension door*. Using this ability is a move action that consumes 2 points from his ki pool. His caster level for this effect is equal to his monk level. He cannot take other creatures with him when he uses this ability.

Fast Movement (+40 ft.)

Class Ability (Monk)

At 3rd level, a monk gains an enhancement bonus to his land speed. A monk in armor or carrying a medium or heavy load loses this extra speed. By spending 1 point from his ki pool, he can increase his speed by 20 feet for 1 round.

Flurry of Blows +15/+15/+10/+10/+5/+0 (Ex)

Class Ability (Monk)

Starting at 1st level, a monk can make a flurry of blows as a full-attack action. When doing so, he may make one additional attack, taking a -2 penalty on all of his attack rolls, as if using the Two-Weapon Fighting feat. These attacks can be any combination of unarmed strikes and attacks with a monk special weapon (he does not need to use two weapons to utilize this ability). For the purpose of these attacks, the monk's base attack bonus from his monk class levels is equal to his monk level. For all other purposes, such as qualifying for a feat or a prestige class, the monk uses his normal base attack bonus.

At 8th level, the monk can make two additional attacks when he uses flurry of blows, as if using Improved Two-Weapon Fighting (even if the monk does not meet the prerequisites for the feat).

At 15th level, the monk can make three additional attacks using flurry of blows, as if using Greater Two-Weapon Fighting (even if the monk does not meet the prerequisites for the feat).

A monk applies his full Strength bonus to his damage rolls for all successful attacks made with flurry of blows, whether the attacks are made with an off-hand or with a weapon wielded in both hands. A monk may substitute disarm, sunder, and trip combat maneuvers for unarmed attacks as part of a flurry of blows. A monk cannot use any weapon other than an unarmed strike or a special monk weapon as part of a flurry of blows. A monk with natural weapons cannot use such weapons as part of a flurry of blows, nor can he make natural attacks in addition to his flurry of blows attacks.

High Jump (+13/+33 with *ki* point) (Ex) Class Ability (Monk)

At 5th level, a monk adds his level to all Acrobatics checks made to jump, both for vertical jumps and horizontal jumps. In addition, he always counts as having a running start when making jump checks using Acrobatics. By spending 1 point from his ki pool as a swift action, a monk gains a +20 bonus on Acrobatics checks made to jump for 1 round.

Iskandai Garlic-slayer – Abilities & Gear

Improved Evasion (Ex) Class Ability (Monk)

If exposed to any effect that normally allows her to attempt a Reflex saving throw for half damage, you takes no damage with a successful saving throw and half damage on a failed saving throw.

Ki Defense +4 (Su) Class Ability (Monk)

A monk can spend 1 point from his ki pool to give himself a +4 dodge bonus to AC for 1 round.

Ki Flurry (Su) Class Ability (Monk)

By spending 1 point from his ki pool, a monk can make one additional attack at his highest attack bonus when making a flurry of blows attack.

Ki Pool (20/day) (Su) Class Ability (Monk)

At 4th level, a monk gains a pool of ki points, supernatural energy he can use to accomplish amazing feats. The number of points in a monk's ki pool is equal to 1/2 his monk level + his Wisdom modifier.

A monk gains additional powers that consume points from his ki pool as he gains levels.

The ki pool is replenished each morning after 8 hours of rest or meditation; these hours do not need to be consecutive.

For a Ninja, the Ki Pool is based on Charisma, rather than Wisdom.

Note: Unchained monks gain this ability at 3rd level.

Ki Speed (Su) Class Ability (Monk)

By spending 1 point from his ki pool, a monk can increase his base speed by 20 feet for 1 round.

Ki Strike, Cold Iron/Silver (Su) Class Ability (Monk)

At 7th level, a monk's unarmed strikes count as cold iron and silver for the purposes of overcoming damage reduction.

Ki Strike, Lawful (Su) Class Ability (Monk)

At 10th level, a monk's unarmed attacks are also treated as lawful weapons for the purpose of overcoming damage reduction.

Ki Strike, Magic (Su) Class Ability (Monk)

At 4th level, ki strike allows a monk's unarmed attacks to be treated as magic weapons for the purpose of overcoming damage reduction.

Note: Unchained monks gain this ability at 3rd level, when they gain a ki pool.

Maneuver Training (Ex) Class Ability (Monk)

For the purpose of calculating CMB, you add your full monk levels, rather than 3/4 of your monk levels.

Slow Fall 60 ft. (Ex) Class Ability (Monk)

At 4th level or higher, a monk within arm's reach of a wall can use it to slow his descent. When first gaining this ability, he takes damage as if the fall were 20 feet shorter than it actually is. The monk's ability to slow his fall (that is, to reduce the effective distance of the fall when next to a wall) improves with his monk level until at 20th level he can use a nearby wall to slow his descent and fall any distance without harm.

Stunning Fist (Stun, Fatigue, Sicken, Stagge) Class Ability (Monk)

At 1st level, the monk gains Stunning Fist as a bonus feat, even if he does not meet the prerequisites. At 4th level, and every 4 levels thereafter, the monk gains the ability to apply a new condition to the target of his Stunning Fist. This condition replaces stunning the target for 1 round, and a successful saving throw still negates the effect. At 4th level, the monk can choose to make the target fatigued. At 8th level, he can make the target sickened for 1 minute. At 12th level, he can make the target staggered for 1d6+1 rounds. At 16th level, he can permanently blind or deafen the target. At 20th level, he can paralyze the target for 1d6+1 rounds. The monk must choose which condition will apply before the attack roll is made. These effects do not stack with themselves (a creature sickened by Stunning Fist cannot become nauseated if hit by Stunning Fist again), but additional hits do increase the duration.

Wholeness of Body (13 hit points) (Su) Class Ability (Monk)

At 7th level or higher, a monk can heal his own wounds as a standard action. He can heal a number of hit points of damage equal to his monk level by using 2 points from his ki pool.
